

PROFILE

I am a diligent, honest, and punctual individual with a strong work ethic. I am always eager to learn new skills and adept at adapting to challenges. Friendly, approachable, and polite, I excel both in teamwork and in independent work environments. My strong problem-solving skills and balanced approach ensure thoughtful and efficient solutions to any challenges that arise.

INTERN EXPERIENCE

Java-Virtual Internship

CodSoft | Jan 2024 - Jan2024

- I completed a one-month virtual internship at CodSoft. The experience was awesome.
- I learned new things, which helped me explore as much as I could. It was great working as a Java development intern at CodSoft.

Laravel at SkeinSoft, Bagbazar

SkeinSoft | March 2024 - June 2024

- It was a 3-month internship period. There, I learned the basic concepts of Laravel and had the opportunity to work on a real project.
- It was an amazing experience, and I gained knowledge about the real working environment that we are unable to learn in our academics.

PROJECTS

HTML/CSS Project

Tour Project:

- This project is responsive website designed using only HTML and CSS.
- It includes various sections like navbar, about us, contact form ,footer ,etc.
- The design is clean, modern, and optimized for various screen sizes, from mobile devices to desktops.
